

## **NORTH HOBART JUNIOR FOOTBALL CLUB**

### **SMOKING POLICY**

The North Hobart Junior Football Club (NHJFC) proudly supports the participation of children in junior football from Auskick to Under 16.

Whilst providing the children with an avenue to participate in their chosen sport, the NHJFC is also endeavoring to provide them with a healthy environment in which to play football.

Therefore the NHJFC Committee has voted to make all training and playing venues i.e. John Turnbull Oval and the New Town Bike Track 'SMOKE FREE'. This will also apply to North Hobart Oval when junior/youth teams are playing/training at this venue.

Smoking is now prohibited at these venues, both on and off the playing arena. Signs will be erected in due course.

A separate area will be designated away from the playing arena for those who wish to smoke.

The NHJFC appreciates your assistance in ensuring the active promotion of a healthy environment in which our kids can enjoy playing football.
